The conditions and circumstances requiring this emergency expenditure are:

Two of the three piers of the bridge carrying IL 47 over the Vermilion River, +/- 3.5 miles south of IL 116, (SN 053-0050) are failing. The south pier is leaning away from the south abutment and the center pier is settling. Repairs must be made immediately to prevent further damage to the structure. This contractor was chosen because they are able to begin the repairs sooner than the other contractors contacted and quoted a reasonable price.
